

For Immediate Release

ISCEA Appoints Dr. Erick C. Jones of University of Nebraska-Lincoln to Chair the newly formed “ISCEA RFID Certification Standards Board”.

Cleveland, OH, USA – March 14, 2007 ISCEA (International Supply Chain Education Alliance) announced today that DR. Erick C. Jones of university of Nebraska-Lincoln has accepted the position of Chair of the newly created “ISCEA RFID Certification Standards Board”

We are honored to have Dr. Jones become a contributing member of our team. His leadership and RFID expertise will help us continue to increase the prestige of the RFIDSCM credential, stated Harold Clampitt, Director of RFID Programs at ISCEA.

About Dr. Erick C. Jones

Dr. Erick C. Jones is an assistant professor at the University of Nebraska-Lincoln. Areas of specialization and teaching include Total Quality Management, Logistics, and Engineering Management. Erick has worked for the following companies, United Parcel Service (UPS), Academy Sports and Outdoors, Tompkins Associates, and Arthur Anderson, LLP. He worked as an Industrial Engineering (IE) Supervisor, IE Manager, and IE Director. Also, Erick was an engineering and business consultant on various projects. Consulting ranged from ERP system implementations to Supply Chain Logistics Planning, and Organizational Strategy. Dr. Jones is fellow of the Alfred P. Sloan Foundation and current administrator to the Minority Ph.D. Program at the University of Nebraska, and current advisor to the National Society of Black Engineers he demonstrates his commitment to diversity. Dr. Jones is the current director of a National Science Foundation Industry University Center for Engineering Logistics called NSF I/URC CELDi and the Director of the RFID Supply Chain Lab (RfSCL). Dr. Jones holds a Ph.D., 2003 University of Houston, M.S., 1996 University of Houston, B.S., 1993 Texas A&M University.

About ISCEA RFIDSCM (Certified RFID Supply Chain Manager)

This certification helps you gain the theory and hands on understanding for implementing a successful RFID project with an emphasis on the supply chain use cases. It is vendor neutral and fulfills ISCEA's mission “to be a single source for Total Supply Chain Knowledge through education, certification and recognition.” If you need to integrate both the technical and business application disciplines paramount to making an intelligent business decision, this certification is right for you.

About ISCEA (International Supply Chain Education Alliance)

ISCEA, The International Supply Chain Education Alliance conducts many workshops to improve the knowledge of Manufacturing and Service industry professionals worldwide. ISCEA's mission is to be a single source for Total Supply Chain Knowledge through Education, Certification, and Recognition. ISCEA is the developer of internationally recognized certification programs of Certified Supply Chain Manager (CSCM), Certified Supply Chain Analyst (CSCA), Certified Lean Master (CLM), and Certified RFID Supply Chain Manager (RFIDSCM). ISCEA is the governing body of the prestigious Ptak Prize for Supply Chain Excellence. Most of the 46,000+ ISCEA members holds mid to upper management positions in Global 2000 companies.
